GOVERNMENT WINS SUIT.

Dispute Regarding Part of Fort Caswell Reservation.

WILMINGTON, N. C., February 19.—In the United States circuit court for the eastern district of North Carolina, before Judge H. G. Connor, here this evening, after being out only a few minutes, a jury returned a verdict for the government in the suit of T. M. Thompson and others of Southport, N. C., against M. F. Harmon, in which the plaintiff sought to recover from the United States a part of the reservation upon which Fort Caswell is situated at the mouth of Cape Fear river.

The case was bitterly fought for three days on the question of a disputed boundary line. The government brought witnesses from the Engineering Corps as far away as Honolulu to establish its contentions.

JUMP INTO LIFE NETS.

Nine Saved From Death in Fire. Girl Carried Out.

NEW YORK, February 19.—Nine persons were saved from death by fire to-day, jumping into life nets from a burning tenement in Newark, N. J.

Smoke and flames below made it impossible for the tenants to escape from the upper floors. Firemen quickly spread their life nets.

The nine men, women and children, caught by the flames, jumped one by one to safety. None was injured.

One girl, rendered unconscious by smoke, was rescued by firemen, who raised a ladder and groped through the smoke-filled rooms until they found her and carried her to a ground.

Rev. John Vaughan, a negro preacher, and his wife were run down by bloodhounds and arrested near Broadway, Va. They are accused of burglarizing a building owned by J. E. Pennington & Son of Broadway.

REALLY AFTER VOTE

Maryland Equal Suffragists in Active Campaign.

APPEAL TO LEGISLATURE

Democratic Bosses Propose to Provide Additional Patronage by Enlarging Baltimore Commission.

Special Correspondence of The Star.

BALTIMORE, Md., February 18, 1910. The impression is gaining ground in this city that the woman suffragists are in real earnest about their plans to secure votes in the municipal elections. The showing made by the Equal Suffrage League representatives at Annapolis last Wednesday came as a revelation to those who had regarded the movement as an innocent pastime of the leaders in women's clubs in Baltimore and elsewhere in Maryland. The majority of the members of the legislature and Gov. Crothers, as well, became firmly convinced that the women who are knocking at the doors of the halls of legislation really want the ballot. The advocates of woman suffrage feel highly encouraged because Gov. Crothers has announced that if the general assembly shall pass such a bill he will place his signature upon it without hesitation.

The gathering at Annapolis last Wednesday was representative of the women and men who are urging equal suffrage in the city and state, and the leaders of the movement are sanguine that the legislation asked will be passed this session. The Star correspondent, however, is able to state that there will be no legislation of this character passed at the present session, because those in control of affairs at Annapolis are not in favor of woman suffrage.

Another Visit Contemplated.

Wednesday next the Woman's Suffrage Association of Maryland will send a large delegation to Annapolis to appear before the committee on elections and urge the passage of their bill for a state-wide right to vote. Mrs. Emma Maddox Funk, president of the state organization, said to The Star correspondent today that she hoped to have a delegation of five hundred women on hand in the house of delegates when the bill comes up for hearing. Miss Etta H. Maddox, chairman of the legislative committee, will present the bill before the solons and there will be addressed by some of the most prominent equal suffrage advocates in the state and nation.

Rev. Anna Howard Shaw, president of the National Suffrage Association, will be one of the principal speakers, and speeches will also be made by Miss Belle Kearney, the noted author and lecturer; Rev. Olympia Brown, the first woman to be admitted to the ministry, and the well-known attorney, John G. Smith.

The association has chartered a special train, which will leave here at 1 o'clock next Wednesday, and plans have been made to distribute thousands of leaflets bearing the words "Vote for women" and a portrait of the late Susan B. Anthony.

Mass Meeting Next Month.

The plans of the suffrage members of a great mass meeting at the Academy of Music next month are rapidly developing, and the event promises to be one of the most notable political meetings ever held in this city. The most prominent public men in Maryland will be asked to serve as vice presidents at the meeting, and they represent all of the political parties. It is hoped to have Brand Whitlock, the mayor of Toledo, for the principal speaker, and those to whom motions will be made to act as vice presidents include Gov. Crothers, Mayor Mahool, former Gov. Warfield, former Gov. Brown, Arthur P. Gorman, president of the state senate, Adam Peles, speaker of the house; William F. Stone, collector of the port of Baltimore; former Mayor Alcaeus Hooper, E. Clay Pinchus and Everett L. Loring; John J. Mahon, the democratic city boss; N. Winslow Williams, secretary of state; Murray Vandiver, state treasurer; Joshua W. Herrick, state auditor; and James J. Shryock, grand master of the Masons; William W. Varney, grand master of the Odd Fellows; Benjamin McKendless, grand chaplain of the Knights of Pythias; Dr. George N. Willis, grand councilor of the Junior Order American Mechanics, and a score of others.

Democrats After Plums.

It has just developed that the democratic bosses of Baltimore have practically decided to bring about legislation at Annapolis in connection with the \$10,000,000 enabling act, which will change the entire personnel of the sewerage commission and place the spending of the people's money in the hands of the democratic organization. The point made by the party leaders is that they feel the party workers have not been taken care of in this important piece of work. Consequently the plan is to secure control of the commission by making an amendment to the enabling act, increasing the commission to such size as to give the democrats a big majority membership and a majority that can be "tricked."

The appointment of the additional members will be placed nominally in the hands of the mayor. The commission as constituted at present is democratic, but the character of democrats on the commission is such that they have been inaccessible to the party bosses, who have turned down time and again when places were demanded for men whose only qualifications were that they had been "regular and faithful" party men.

WAR ON SUBURBAN LINE.

Prince George County Patrons Demand Fare Readjustment.

Special Correspondence of The Star.

HYATTSVILLE, Md., February 19, 1910. A meeting of the patrons of the City and Suburban electric railway who live along the line between Mount Rainier and Laurel, Prince George county, was held in the Knights of Pythias Hall Friday evening, to take action looking to the reduction of the railroad fare charged on this section of the road.

A. J. Wiegman of Berwyn presided. Arthur Gans of Hyattsville was secretary.

A committee composed of Prof. H. J. Patterson, George May, Edward Daniels and Charles Ross was appointed to prepare a bill for presentation to the legislature, asking that the railroad from the District line to Laurel be divided into three zones of five miles each, instead of zones of three miles or less as at present. It is claimed under this division the company would receive an average of at least 2 cents per mile traveled. The bill will require the company to provide sufficient cars "to enable the passengers to have seats" and to keep the cars properly heated.

Another meeting will be held in Hyattsville Monday evening. The agitation results, it is claimed, from the company's determination to require holders of commutation tickets to present them to the conductors when paying their fare. The refusal of several passengers to show their books resulted in their being ejected from the car.

A barn located on the farm of William T. Thorne, Jr., near Siletsia, Prince George county, was destroyed by fire Thursday.

The origin of the fire is unknown. The loss is about \$1,000, with no insurance.

Deputy Sheriff Thorne from Prince George county denies that he has introduced any law affecting the dog question in the county. He declares this impression has gotten abroad as the result of his bill changing the law. The bill changes this so that the scalp shall be worth \$2 instead of the brush, the latter having considerable commercial value.

THIRTY YEARS AGO

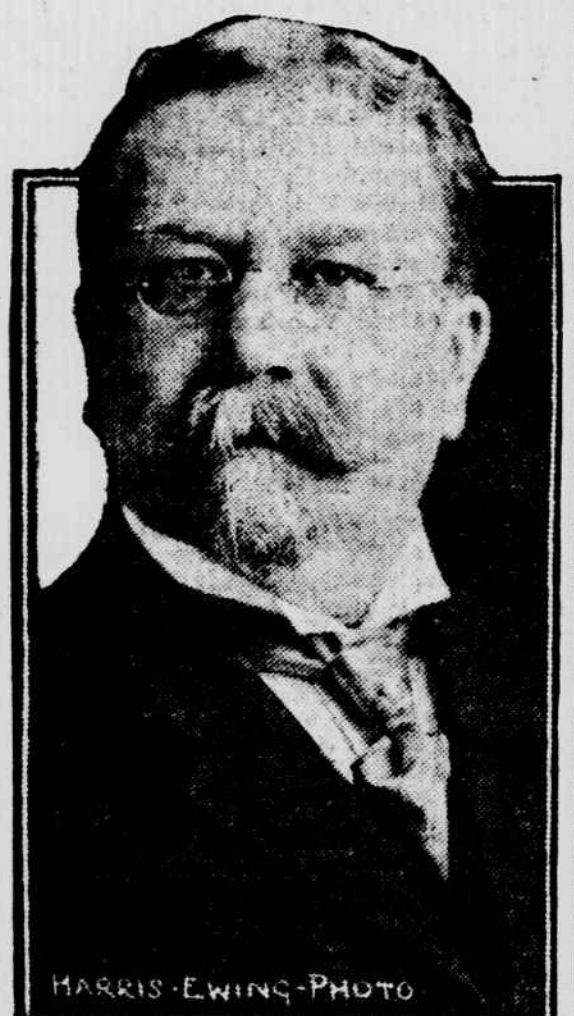

Firm of Woodward & Lothrop Formed in 1873.

BEGAN IN BOSTON SUBURB

Transfer Made to Washington in Spring of 1880.

NOW OCCUPY LARGE BLOCK

Building Covers Almost a Square Between F and G and 10th and 11th Streets Northwest.

S. W. WOODWARD.

The large business establishment of Woodward & Lothrop has now entered upon the thirtieth year of its activity in Washington and the thirty-seventh since its formation in Chelsea, a suburb of Boston.

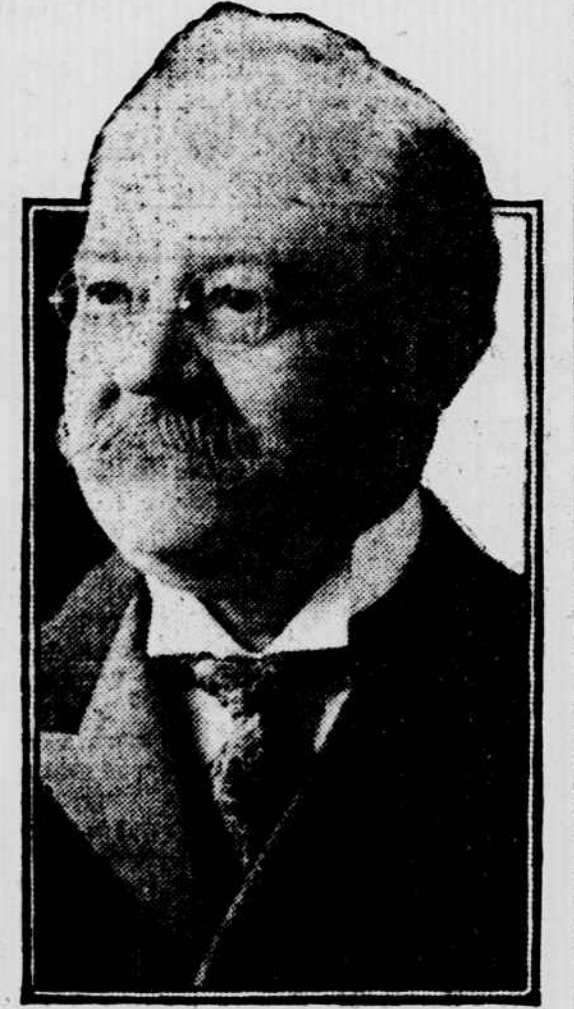

The animating principles of the establishment occupying the block bounded by 10th, 11th, F and G streets is embodied in the persons of two active, energetic men.

Both Mr. Woodward and Mr. Lothrop, who constitute the firm of Woodward & Lothrop, are the highest type of self-made men. They became associated in business in the year 1873, when they opened a dry goods store in Chelsea, a suburb of Boston. Always averse to getting into ruts, they found after an experience of six or seven years that their business had about reached its limits of expansion. It was the largest retail dry goods business at that time carried on in any of the suburban cities around Boston. They concluded that they would seek a wider field. During the year of 1879 they made several tours of inspection, traveling through the states of New York and Ohio. On one occasion they stopped in Washington on their way home. They were favorably impressed with things here, and they considered that the future promised very promising. So in the spring of 1880 they rented a store at 705 Market space and began a business career which, it has been conceded, has been highly successful.

Require More Space.

Their store soon became too contracted for the volume of business transacted and an adjoining building was secured. These quarters were also soon outgrown, and the next move was to lease the large building on the north side of Pennsylvania avenue between 9th and 10th streets, which until late years was occupied by the Adams Express Company.

Later they found it impracticable to secure additional needed accommodations on Pennsylvania avenue for their rapidly

A. M. LOTHROP.

increasing business, and, being satisfied that F street, between the patent office and Treasury Department would at no distant day become a desirable business street, they decided to build a new building, and, with this in mind, bought the property at the northeast corner of 11th and F streets, with a view to building there, but not being able to get the Thorne property, adjoining, some delay occurred, when the late Calderon Carlisle proposed to erect a building for them on the northeast corner of 11th and F streets, which proposition was accepted. Notwithstanding the many prophecies of dire results in this leaving the old confines of the retail trade, the removal proved to be a wise one, and the business prospered more largely than in the past. Other merchants followed from time to time, and F street assumed the position of a retail center.

From time to time Messrs. Woodward & Lothrop have added to their selling space, until today they occupy the entire block from 10th to 11th and from F to G streets, with the exception of the Equitable and the adjoining building at the corner of 10th street. Of the buildings covering this space, the new structure, completed a few years since, occupies the northern half of the block.

Fireproof Building.

The building is one of the most handsome, substantial, solid and perfectly constructed of the recent fireproof structures erected throughout the country to be devoted to merchandising. Of the eight stories, not a single square inch of space has been overlooked in providing for the comfort of patrons and employees. Elegance of fixtures and appointments is especially noticeable. The quality of stock represented is the highest. Their largest office and staff of 428 Broadway, New York city, and an office at 43 Rue de Paradis, Paris, and connections throughout the entire continent of Europe and the Orient, give channels of

A new design and splendidly made bed for such a price. Continuous posts; either single or double size; strongly made. Buy one tomorrow for \$2.95.

MOTHER WAS AT THEATER.

One Baby Burned to Death in Home, Another Dying.

PITTSBURGH, Pa., February 19.—While Mrs. George Nydes was at the theater this afternoon her home caught fire and an eight-month-old babe was burned to death, while one twenty-months old was so badly burned that it is dying. George Nydes sr., the father, is an invalid and he was overcome by smoke in trying to rescue his children.

The infant had been left in a go-cart close to a lighted gas grate which ignited the blankets that covered the child.

ESCAPES FROM CONVENT.

Girl Kidnaped Ten Years Ago Returns to Her Parents.

CLEVELAND, Ohio, February 19.—Like one returning from the dead, Sylvia

Greenspoon, who was kidnapped ten years ago and since has been the heroine of several thrilling incidents, returned to her parents here today. In 1900 Henry Greenspoon came to the United States.

He left behind, in his former home at Stunditz, Russia, his wife and children, who followed him as soon as he obtained sufficient funds to pay for their passage. Soon after Greenspoon left Russia, Sylvia, then eight years old, disappeared. A few days ago the girl escaped from a convent, she said, through the aid of an attorney whom Mrs. Greenspoon had engaged to search for her missing daughter. One night, she got away, only to be captured again. Later a guard was bribed and she succeeded in eluding her captors.

Agreeing With Him.

From the Baltimore American. He (assertively)—When I go into anything I'm there to stay. She (settling a yawn)—Yes, we've all noticed you're not quiet.

ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

Nature warns you when the track of health is not clear. Kidney and bladder trouble compel you to pass water often through the day and get up many times during the night.

Unhealthy kidneys cause lumbago, rheumatism, backache of the bladder, pain or dull ache in the back, joints or muscles, at times have headache or indigestion, as time passes you may have a sallow complexion, puffiness or dark circles under the eyes, sometimes feel as though you had heart trouble, may have plenty of ambition but no strength, get weak and lose flesh.

If such conditions are permitted to continue serious results are sure to follow. Bright's disease, the very worst form of kidney trouble, may steal upon you.

Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physician, who usually content themselves with doctoring the effects, while the original disease constantly undermines the system.

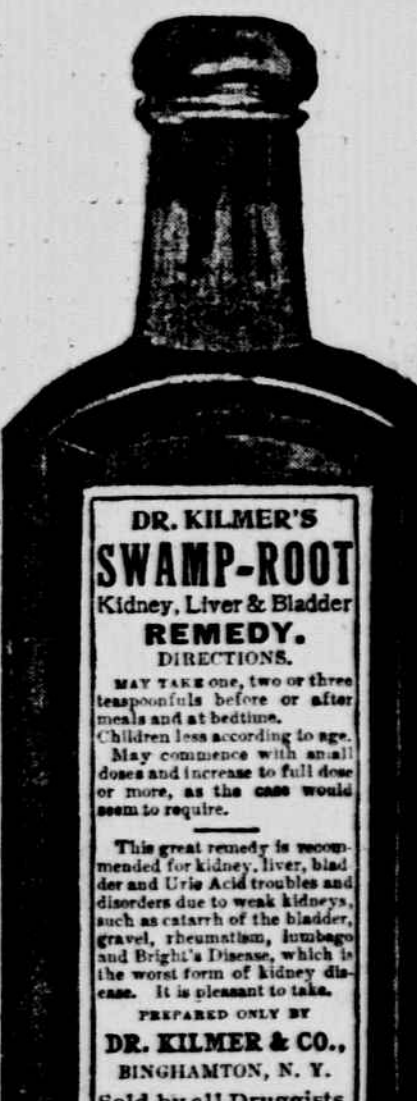

A Trial Will Convince Any One.

If you feel that your kidneys are the cause of your sickness or a downward condition, begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys begin to get better they will help the other organs to health. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is a gentle healing vegetable compound—a physician's prescription for a specific disease.

You cannot get rid of your aches and pains if your kidneys are out of order. You cannot feel right when your kidneys are wrong.

Swamp-Root is Pleasant to Take.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at all drug stores. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., which you will find on every bottle.

DR. KILMER'S SWAMP-ROOT. Kidney, Liver & Bladder REMEDY. DIRECTIONS: May be taken two or three times a day before or after meals. Children may take according to age. May be taken with food or without. It is pleasant to take. This great remedy is recommended for kidney, liver, and bladder troubles, such as backache, rheumatism, lumbago, and Bright's disease, which is the worst form of kidney disease. It is pleasant to take. PREPARED ONLY BY DR. KILMER & CO., BINGHAMTON, N. Y. Sold by all Druggists.
